G.H.E.S. VALENTINE FLOWER SALE

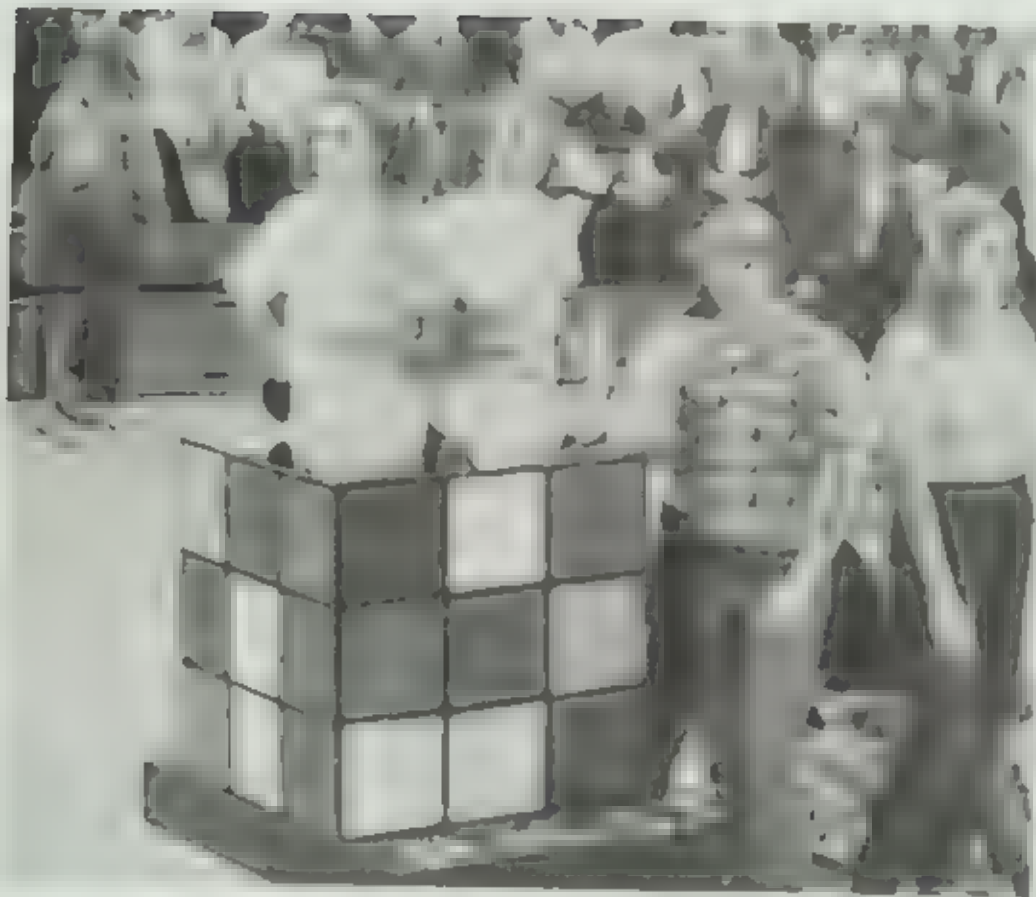

Every year the Guilford Hortatory English Society sponsors a Valentine's Day flower sale. This year, flowers were sold the last week in January. There was really a great demand for flowers this year because over 2,500 flowers were delivered. "All classes seem to respond to this. Students seem to enjoy purchasing them," said Miss Patricia Davis, G.H.E.S. sponsor. Thanks to a group of well-organized officers and students, this year's sale went smoothly.

The first row of portraits is followed by a column of text. The text is too blurry to read but appears to be a list of names or descriptions corresponding to the portraits.

To the right of the large classroom photograph is another column of text, likely names or descriptions for the students shown in the portraits.

The Odyssey

To the right of the bottom row of portraits is a small column of text.

FACULTY

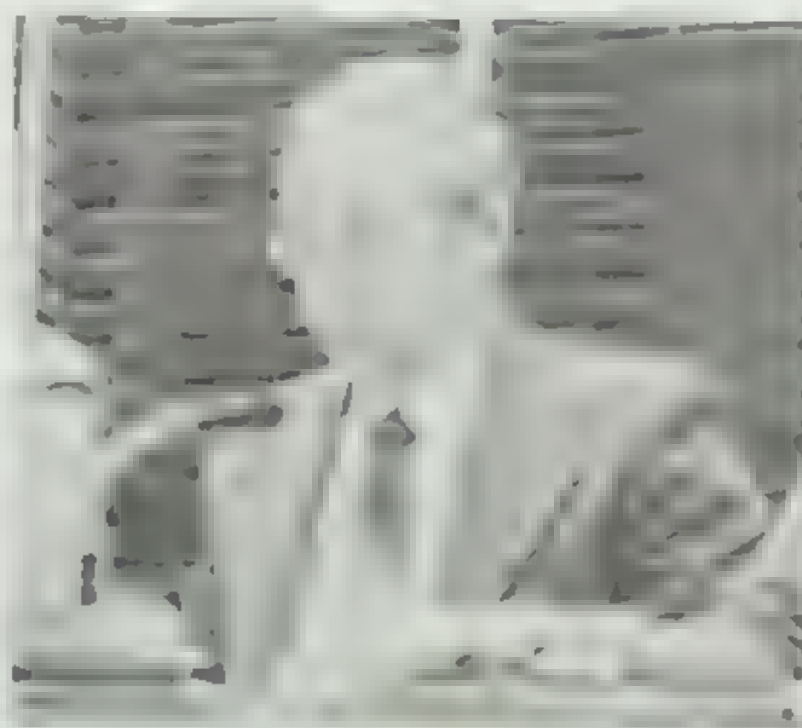

UP AND AWAY

The Board of Directors of the company has decided to increase the dividend by 10% starting from the next year. This decision was made after a thorough review of the company's financial performance and the current market conditions. The Board believes that this increase is justified and will be beneficial to the shareholders. The new dividend rate will be \$0.15 per share, up from \$0.135 per share. This increase is effective for the next year's dividend payment.

What is your opinion of today's youth?

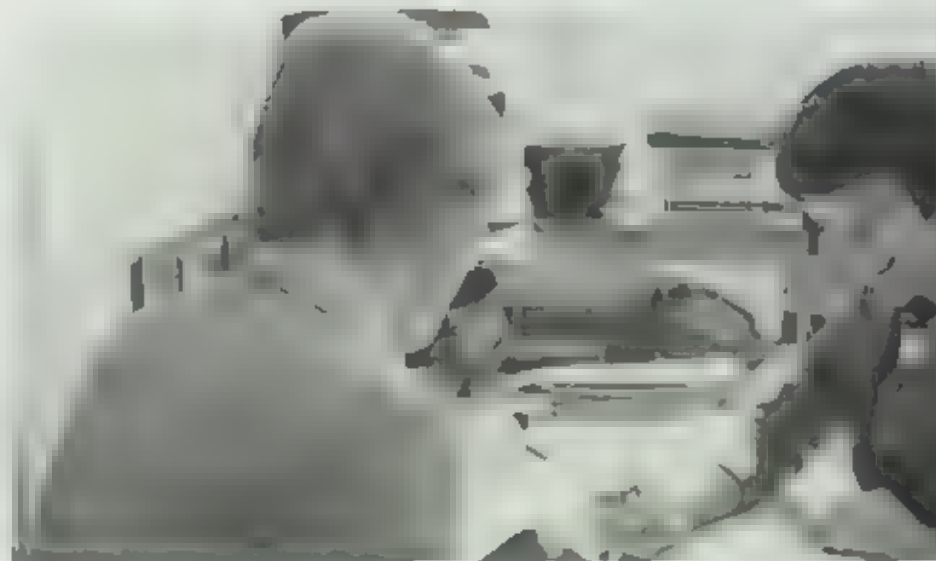

Films, books, magazines, TV. All add to ego. Youth must think for themselves. It's more difficult to do. Mr. Charles Green

What morals? "NO" meant "NO" when I was young. I never questioned authority. I didn't always agree, but I respected it. Mr. Alice Bede

Getting worse. Mr. Donald Tyler

Slipping a little in the house. Mr. Carl Nielsen

A little loose. Mr. Bradley Seago

Above Mrs. Horder review

Our moral fiber has been slipping in a long time. Especially the older commitment one's school class and activities of a service nature. Little attention comes one's way here, but a strong personal satisfaction follows. I don't speak of a surface commitment, or giving one's all BLUE AND WHITE but a "thick or thin win or lose" commitment. It's very hard to come by!! Too bad for all of us. Mr. Michael Harmon

When I was in high school, we didn't casually cheer, drink, get high or drive in Chicago! Study halls made doing homework easier. Considering the pressures of earlier sex, drugs and alcohol, I'd say kids today cope pretty well. They are nice, motivated students that I love working with. Guilford means a beautiful drive to the best high school in Rockford.

It is a very common mistake to think that the only way to get a good result is to use a very high temperature. In fact, the best results are often obtained at a moderate temperature. The reason for this is that at a high temperature, the reaction is too fast and the product is not well defined. At a moderate temperature, the reaction is slower and the product is more uniform. This is why it is important to choose the right temperature for the reaction.

Dear Mac,

This is the fourth time the poem has been written and probably not the last. It will always have its deepest meaning. The change this time is that it is in its past tense.

You and Me

That's how I always wanted it to be

Help and Care

Between us there were two special things that we shared

Falling deeply in sorrow,

You picked me up to face tomorrow

Fun and Games

Who knows which is which? Both the same, both the same

Good and Bad

Your loving life reassured me that I had you

Hiding in the smallest of places,

You would always find me without any doubt

Love and Hate

Your love was so true and not a minute was less

Live and Die

We shared pain or our lives together in hopes to someday make our lives

We expressed our love through words and motion, And we let out

All of our mixed emotions: I will love and cherish you forever

and ever, and no one will ever take away the love we shared together

I will always have a special love for you

Love,

YEARBOOK STAFF SURVIVES!

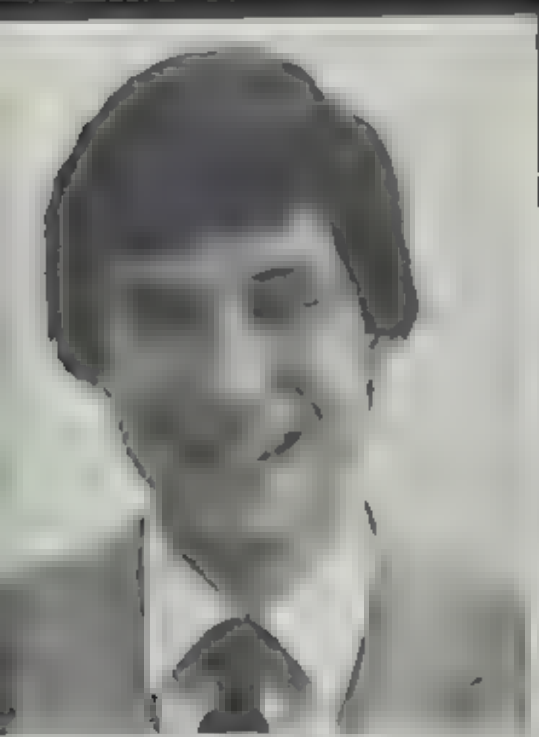

This year the yearbook staff tried to create the best yearbook Guilford has ever seen. To make the Valhalla better, we sold more advertising and increased the price of the yearbook, which enabled us to afford more color. We also tried to improve the quality of photography. The staff and our new advisor, Mr. Jim Applegate, had no experience whatsoever. Through a lot of time and effort we feel we have succeeded in producing a worthwhile yearbook. Zolt Morgan and Julie Olson, Co-Editors in Chief.

1. The first step in the process is to identify the problem. This involves gathering information about the situation and understanding the needs of the stakeholders involved.
